

- **Deluxe heavy duty patient tray delivery s/s cart**
- **Single section non-insulated, easy to maneuver**

This deluxe cart offers excellent mobility in transporting 15"x20" meal trays for room service application.

**Construction:**

This cart is provided with all welded heavy duty s/s construction. Deck is 14 ga. s/s with all edges turned down & corners welded. Uprights are 2"x1"x14 ga. s/s formed channels welded to deck and top. Sides and back are 18 ga. s/s and top is double panels of 20 ga. s/s. Door is 18 ga. s/s brake formed with hemmed sides, pan type construction, reinforced with 1" square s/s tubing. Door swings 270° on heavy duty 12 ga. s/s hinges rotating on 3/8" Ø s/s pins. The sides are reinforced at top with 1" square s/s tubing. 18 ga. s/s slides are welded to a frame which is easily removable for cleaning. A s/s gravity latch provides for easy opening and closing of door. 5" polyurethane swivel casters are standard. The slides are spaced on 4 7/8" spacing to carry 8 trays (15"x20") single end loaded. Other spacings are available. Cart has polished finish on exterior.

**Model 2200-1-HD-1508**  
Shown with optional package "DX"

Model Number	Tray Size (inches)	Tray Capacity	Tray Spacing (Inches)	*O.A. Dimensions (Inches)			Weight (Pounds)
				W	D	H	
<b>2200-1-HD-1508</b>	15x20	8	4 7/8	22	25	48 3/4	190
